CAREER OBJECTIVE

Final-year B.Tech student in Artificial Intelligence and Data Science with a growing foundation in HTML, CSS, JavaScript, TypeScript, and responsive web development. Interested in building user-friendly, responsive, and maintainable web applications while applying problem-solving and software development skills in a professional engineering environment.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js.
- **Web:** DOM, REST APIs, JSON, HTTP/HTTPS.
- **Languages :** Python, Java, JavaScript, TypeScript.
- **Database :** MySQL .
- **Data Analysis and Visualization :** Pandas, NumPy, Matplotlib, Seaborn, PowerBI.
- **Machine Learning :** Scikit-learn, TensorFlow (basics).
- **Generative AI :** Langchain, LangGraph, LLM, Prompt Engineering, RAG, AI Agents.
- **Tools :** GitHub, Git, Cursor, Jupyter Notebook, Visual Studio Code.
- **Soft Skill :** Problem Solving, Analytical Thinking, Communication, Collaboration.

PROFESSIONAL EXPERIENCE

IT Intern

14 Jul 2026 – 28 Jul 2026

Airports Authority of India (AAI), Chennai

- Worked in the airport data centre, gaining hands-on exposure to networking, IT infrastructure, servers, and the Airport Operations Control Centre (AOCC).
- Learned the operation and monitoring of mission-critical systems, including UPS, while supporting data centre infrastructure.

PROJECTS

Interactive Developer Portfolio | HTML, CSS, JavaScript, REST API | [Project Link](#)

- Built a responsive portfolio website to showcase projects, skills, and experience.
- Developed interactive features including a Sliding Window Visualizer, GitHub Profile Explorer, and form validation.
- Implemented dark/light mode, LocalStorage, responsive navigation, and API integration using Fetch and async/await.

RAG-Based Sales Analytics Chatbot | Gen AI – Langchain, Gemini , ChromaDB, MySQL | [Project Link](#)

Oct 2025

- Developed a RAG-based Text-to-SQL chatbot using LangChain, Google Gemini, ChromaDB, and Sentence Transformers to generate SQL queries from natural language and retrieve data from database.

Automated Workplace Safety Surveillance | Deep Learning – YOLOv8, OpenCV | [Project Link](#)

Mar 2025

- Developed a real-time workplace safety surveillance system using YOLOv8 and OpenCV to detect PPE compliance and provide voice alerts for missing safety equipment.

EDUCATION

Jerusalem College of Engineering

2023 - 2027

B.Tech (Artificial Intelligence and Data Science) - CGPA - 8.23

Chennai, Tamil Nadu

CERTIFICATIONS

- **NSIC – MERN Stack** Nov 2025
- **Udemy – Data Science and Gen AI** Jul 2026
- **IBM SkillsBuild – Artificial Intelligence Fundamentals** Jan 2025
- **Cisco Networking Academy – Networking Basics** Jan 2025

ACHIEVEMENTS

- **Vice President** of the Association of Artificial Intelligence and Data Science. **Aug 2024 – Jul 2025**
- **Senior Executive Member** of the Data Verse Technical Club. **Jul 2025 – Jul 2025**
- Participated in **Smart India Hackathon 2024 & 2025**
